THE STORY OF JOY HEART:

As a 14 year old girl, I knew I wanted to be a missionary. But was told I was not smart enough. But God never forgot my destiny. I started with short term mission trips and traveled over seas, in USA. I retired in 2019. I asked God to replace my secular job to serving Him. I was involved with Prayer in Schools. Then the leader stepped down and at this time she had 3 MP Schools that we were inside the school praying for staff, kids and neighborhoods. Holy Spirit said that they were going to ask me to lead this ministry. I said no thank you. Well they did ask me and I like a good Christian said I would pray about it. They thought I would be praying if I would take the position but reality was that I was praying how to say no. After several conversations with Holy Spirit I surrendered and said yes..I wanted a new name for this ministry because we do more than prayer. One day Holy Spirit said JOY (just open your) HEART. Here we are with 16 schools and 3 are in the suburbs. We have seen staff being healed, academic levels go up, a child out of control turned into a strong leader, staff saying there is something different in the school today, more peace. This list of miracles go on and on. And He is not done changing lives in the schools.
